SORT OF LOST

We feel sort of lost today. We haven't had any new suggestions for naming Upland city park.

LOTS OF FISH

We're looking forward to this fish fry in Cucamonga tonight. By some mistake, no doubt, we got ourselves invited and for once we intend to make it. We've always heard of the very delicate palates of Cucamongans and Alta Lomans and now we're going to find out for ourselves.

LITTLE TROUBLE

From all reports, every Upland Lion who attended the Beaumont charter night Monday enjoyed themselves with the possible exception of Mr. and Mrs. Squeak Wilson. It seems as if the Wilsons had a little car trouble and had to leave the family "bus" at Colton, hitching a ride with some other Lions. Sam Parker rose to the occasion on the way back by towing the Wilson car back to Upland.

OUTCOME?

Wonder what will happen to the proposed Van Fleet-Ontario Rockets game? Oscar Ayres wants to play at Upland park and Ralph Taylor at Galvin, providing there's a sufficient wager on it—$1,000 to be exact.

We'll let the two teams work out the details, financial and otherwise, but, of course, we'd like to see the game, if it is played, at the Upland park. It's a new project and could use the crowd that a game like this would draw.

WANT MORE

Understand both the Lions and Rotarians are sort of hoping to play another game this year, although not necessarily against each other. The general attitude seems to be that as long as they had to get stiff, they might as well do a good job of it.

CONTRIBUTIONS

Several people have asked us recently whether they could make contributions to this column. Very definitely, yes. However, please sign your name, although we will not use it, if you so request. But under no conditions can we use any material when we do not know the source.

Pickup Hits Bike, Two Children Hurt

Unable to stop their bicycle after they started down a hill, two small children received minor injuries when they ran in front of a pick-up truck in Cucamonga at 1:50 p.m. Monday.

The children were Judy Zetmeir, 7, daughter of Tommy Shirley, 247 North Vineyard street, Cucamonga, and Richard Chevraux, 4, son of Mrs. Jackie Chevraux, 1000 South Grove avenue, Ontario.

According to investigating officers, the children were riding down Vineyard street and were unable to stop at the Carnelian avenue intersection, running in front of a pick-up truck driven by George Hamilton, 84, Carnelian street.

Both were dismissed yesterday following treatment at the San Antonio Community hospital.

Heights Ask To Meet With Council On Water Problem

Aroused at the boost in outside water rates, San Antonio Heights residents have asked for an opportunity "to discuss this matter with the city council," it was disclosed today.

At a recent meeting of Heights residents a committee was appointed under the chairmanship of Bruce Claflin to deal with the city in the matter of outside water. The committee has sent a letter to Mayor Eugene Nisbet requesting an early meeting with the council. The complete letter follows:

"The citizens of San Antonio Heights have selected a committee to obtain information relative to the water problem. We will appreciate an early opportunity to discuss this matter with the city council at a regular council meeting."

It was signed by Mr. Claflin and other members of the committee which includes Arthur Reeder, Walter Moffitt, Dave Stump and Abe Kisner.

It is understood that a mass meeting of Heights residents was held last week and the matter of outside water rates as well as possible annexation to the city was discussed. According to those attending, no one at the meeting favored coming into the city of Upland.

The Upland city council recently suspended all future outside water applications and boosted water rates for residents out of the city limits from $1.60 to $2.50. Councilment have indicated that the increasing most of city administration and need for conserving water supply made these two steps necessary. They also have stated that they do not intend to force any outside areas into the city.

Appoint Nurse For Upland

The temporary appointment of Miss Eleanor Fridgen as local public health nurse, replacing Mrs. Helen Gilkey, has been announced by the San Bernardino county public health department.

Miss Fridgen assumed her new duties here yesterday. Mrs. Gilkey is attending advanced classes in public health nursing at U.C.L.A. She is expected to return here September.

A survey of tuberculosis patients in Upland, Cucamonga and Alta Loma will be her principal work during the next two months, Miss Fridgen has announced.

Pending completion of the new health department office in the city hall annex, in the rear of the quarters occupied by the Upland Red Cross, the health nurse will continue to make her headquarters in the city hall.

Lions To Meet Thursday Night

Adjourned meeting of the Upland Lions club will be held at 7 o'clock tomorrow night in place of the regular noon luncheon meeting. The special gathering of the Lions will be held at the Fireman's cabin, East Sixteenth street, according to Harold Cook, program chairman.

Council Faces Two Problems

Among many other city matters, the Upland city council at its regular meeting tomorrow night will be confronted with a petition signed by 50 families opposing the establishment of a dog pound at the city yard, 145 North Eighth avenue.

Leo B. Whithey, 794 East Ninth street, told The Upland News that all of the residents within the two blocks of the proposed site have signed the petition, asking that the pound be placed somewhere else.

The council will also be presented with a letter from San Antonio Heights residents, requesting an early meeting on the water problem. It seems likely that the councilmen will invite all Heights residents to be present at the following council meeting.

BEST MAN HAS TO HELP OUT BRIDEGROOM

KILGORE, Tex. (AP) — The bridegroom was knocked out and the best man came to his aid while the bride looked on.

That sounds like a fight at a wedding, but it wasn't.

Baseball pitcher Willis Chamness was married to Miss Jane Brown in a homeplate ceremony, then went on the mound to pitch the game.

But he was knocked out in the eighth by opposing team batters and best man Ed Kennon was sent in to relieve him.

UPLAND SCHOOL BOARD

Preliminary Sketches Of Shower Unit For Upland School Authorized

Preliminary sketches for the proposed new shower and locker room unit at Upland Junior High school were accepted by the Upland school board Monday night.

Submitted by Architect Herbert J. Powell, the plan calls for construction of a building 44 feet by 63 feet. One side will be for boys and the other for girls, with 186 lockers on each side.

The building is to be located immediately east of the present Junior High school auditorium, which is to be converted into a play room. A covered ramp will lead from the auditorium to the new structure.

Other board actions were concerned with purchases of equipment for maintenance and instructional use.

A new floor polisher costing $250 and an $850 lawn mower were authorized for the maintenance department.

Approval was given for the purchase of three teacher's desks and six tables for student use. Total cost of the desks will be $214.50 and of the ables, $193.20.

To expand the facilities of school shop classes, the board OK'd the purchase of a band saw, wood lathe and a sander. Expenditure for the three items was estimated at $436.

Visual aid teaching in Upland schools will get a boost through purchases of three film strip projectors and a small movie projector. The film strip machines will cost $85 each, Harold W. Cook, superintendent, estimated. One is to be used at the elementary school, one at Eighteenth street and one at Sierra Vista.

The projector, costing $298, will be obtained for use in the Junior High school, board members decided. The music department is to secure a record player.

Signing of the preliminary school budget, second step in its completion, was made. The budget is to be finally adopted at a special budget meeting to be held on Tuesday, August 5, at 7 p. m. at the superintendent's office.

NEW MINISTER

New minister of the Brethren in Christ church, the Rev. Riall Stump, will take over his duties following installation services at the church tonight, 7:30 o'clock, conducted by Bishop J. H. Wagaman.

Install New Pastor Tonight

New minister of the Brethren in Christ church, the Rev. Riall Stump, will be installed as pastor at a special prayer meeting service at the church tonight, 7:30 o'clock.

Bishop J. H. Wagaman will conduct the installation rites and deliver the message to the congregation. The Rev. Mr. Stump is to preach his first sermon to the congregation Sunday morning under the topic "Our Calling." His Sunday evening address will take the title "The Missing Man."

Since his arrival in Upland with Mrs. Stump, the Rev. Mr. Stump has been at the parsonage at 624 North Third avenue.

Aid To Pastor Arrives Here

Newly-appointed assistant pastor at the Upland Presbyterian church, the Rev. James D. Otter, arrived in Upland yesterday afternoon to take over his duties.

The Rev. Mr. Otter is director of religious education and will assist the pastor, Dr. Rufus W. Oakey, in pastoral calling and other work. For the present time he will make his home at 1369 West Thirteenth street.

A graduate of the University of California at Berkeley, the new minister received his seminary training at the San Francisco Theological seminary at San Anselmo. His wife is also a graduate of Cal.

Prior to entering the ministery, the Rev. Mr. Otter engaged in the laundry business. He has served in the church for 13 years, the last five years of that time as pastor of the Presbyterian church in Tracy.

The Rev. and Mrs. Otter have two sons, Lorrence, who will enter Chaffey high school as a senior student, and Edward, a junior high school student.

Legion Post To Name Directors

Officers for the Legion corporation will be nominated and elected when Upland post No. 73, American Legion, meets at the clubhouse tonight at 8 o'clock.

Houston Dewey, commander, urges all members to be present in order to participate in the election in the corporation board of directors.

All retiring officers are also requested to turn in their badges of office so that they can be given to incoming officials.

Refreshments will follow the meeting.

Girl Hurt In Fall At Snow Crest

Marjorie Swetonic, 11, 1715 El Morado court, Ontario, was slightly injured last evening in a fall at Snow Crest, above Camp Baldy.

Physicians at San Antonio Community hospital, where the girl was taken for treatment, reported she had a cut under one eye and a lacerated leg. She was dismissed following treatment.

Cyclist Killed Instantly In Truck Crash

Adrian P. Zeegers, 26, 1279 South Magnolia avenue, Ontario, died instantly at 9:20 a.m. this morning when the motorcycle which he was driving ran into the side of a truck at the corner of Ely and Fern avenues on the south city line of Ontario.

Austin T. Abernathy, driver of the truck, who resides at 2145 Howard street, said that he was traveling west on Ely through the intersection when Zeeger's motorcycle hit the side of the truck just behind the front fender.

The force of the blow was so great that Abernathy lost control of the vehicle which crashed into a tree in the front yard of a house at 161 West Ely. The truck traveled 198 feet after the crash.

Zeegers who was traveling north on Fern, was thrown from his cycle by the impact and was found lying in the roadway 70 feet from the crash. The cycle was badly damaged in the accident.

Evidence of the violence of the crash was seen in the fact that the drive shaft of the truck was torn from its mounting when the vehicle passed over the motorcycle.

Zeegers died instantly of a skull fracture and multiple injuries. Coroner Evans ordered the body removed to Richardson's Mortuary.

Investigating for the Ontario Police Department were Acting Chief Glover, Traffic Sergeant Harley Smith and officer Ray Orr.

41 Lions Go To Installation

As a "farewell tribute" to Glenn Atwood, who ends his term as Lions' district governor, next month, nearly 40 members of the Upland Lions' club accompanied Mr. Atwood to the charter night dinner of the Beaumont club Monday night.

The local group made the trip in a caravan of cars and were larger in numbers than the Beaumont club which consisted of 36 charter members. A total of 150 were present at the meeting.

Mr. Atwood will officially relinquish his duties as district governor following the Lions' International convention in San Francisco July 28-31. In the past year, he has formed many clubs and made numerous visits to all the Lions clubs in the district. In Beaumont Monday, Mr. Atwood inducted officers and presented the charter, to the club.

Attending from the Upland club were Mr. and Mrs. Sam Barker, Mr. and Mrs. Joe Seitz, Mr. and Mrs. Ernest Olson, Mr. and Mrs. Francis Wilson, Mr. and Mrs. Lowell Donnell, Mr. and Mrs. John Scott, Mr. and Mrs. Roland McLennan, Dr. and Mrs. T. T. Ackerson, Mr. and Mrs. Harold Musser, Mr. and Mrs. Clyde Duvall, Mr. and Mrs. Earl Johnson, Mr. and Mrs. Lonnie Blanton, Mr. and Mrs. Ralph Scott, Mr. and Mrs. Edgar C. Pierce, Mr. and Mrs. Nate Buchanan, Mr. and Mrs. T. C. Burge, Mr. and Mrs. Ernest Gibson, Mr. and Mrs. Atwood, Mr. and Mrs. Milton Huxtable and Mrs. Lillian Manning.

Problems Of Youth Told

Declaring that the increasing number of "transient youth" coming into California is real problem, George J. Reed, field representative for the California Youth Authority, told Upland Rotarians at noon today of the work being done by his organization throughout the state.

A survey is now being made to study and evaluate what is happening in the tremendous influx of youths from other states, what is being done now for them and what could be done even better in the future, Mr. Reed said.

Commenting briefly on the work of Youth workshops, nine of which have been held this year throughout various parts of the state, Mr. Reed said that the program seeks to give youth leadership training to those working with youth. The final youth conference is now in session at Claremont colleges and is open to anyone without charge, he added.

Two New Voices Stand Out In "Pirates" At Chaffey

By STEVE KALAGIAN

Two new voices, both of them wide in their range and pleasing to the ear, were unfolded last night at the Chaffey Civic auditorium as the Foothill Music association presented its third musical production, "The Pirates of Penzance."

Robert Davis, who used his past professional experience to good advantage, and Katherine Sibley, proved to be the "finds" in the leading roles and were particularly outstanding in such duets as "Stay, Frederic, Stay," and "All Is Prepared, Your Gallant Crew Awaits You."

Miss Sibley reached the high notes with flowing ease and her voice carried above the chorus, clear in its tonal quality and yet full of joy and sadness as the occasion demanded. Ideally cast as the romantic lead, Mr. Davis made the most of his role. While his singing seemed a little too deliberate at times, his rich, tenor voice was definitely one of the standouts of the show.

Best Scenes

There were many scenes which were entertaining and presented in the true Gilbert and Sullivan spirit but as is common in every production, there were some that were done better than others. The duet, "Oh! False One, You Have Deceived Me," sung by Mr. Davis and Ruth (Elizabeth Imler), picked up the production after a slow start and set the pace for the tempo which was to follow. Johnston Walker scored for the third successive time as he made his entrance in the first act with "I Am the Very Model of a Modern Major General" and continued his brilliant performance throughout without a let-down. Mr. Walker brings more than just a professional air to Foothill Music association shows; he often sets the pace that make them the successes that they are. His "Admiral" in "Pinafore," "Artie in Prince of Pilsen" and now "Major-General" in the "Pirates," all are triumphs of which Mr. Walker can be proud.

Fire Threat To Oil Tank

Action of Upland volunteer firemen, assisted by the state division of forestry, San Antonio Heights, yesterday averted the possible destruction of a building and 6,000-gallon oil storage tank on East Arrow highway.

Starting as a brush fire, the blaze spread to a storage building containing water meters owned by H. F. Naisbitt, developer of a subdivision in Red Hill estates.

The oil storage tanks threatened were beneath the building, according to Fire Chief Howard Paulin. Both were saved. The fire was at 1681 East Arrow highway, and occurred shortly after 2 p.m.

City street employes began this morning on installing a new sewer line one block long on Sixth street north of Arrow highway.

The highway between Fifth street and Campus avenue was blocked off to traffic for a time this morning.

Safety Education Committee To Meet

The newly formed safety education committee of the Upland safety council will meet for the first time tonight at the city hall council chambers, Chairman William R. Walton has announced.

The meeting, which has been called for 7:30, will be devoted to discussion of methods for disseminating informaion and educational materials on accident prevention, Mr. Walton said.

Members of the committee are Rudy Sanchez, John Baumgartner, Mrs. Frances Mitchell and Mrs. Frank Phillips.

SKELETONS FOUND

NEW YORK (AP)— The finding of complete skeletons of dog-sized dinosauers in northern New Mexico is reported in a message received by the American Museum of Natural History from its curator of geology and paleontology, Dr. George Gaylord Simpson.

New Officers Installed By Odd Fellows

In ceremonies held last night at Odd Fellows hall, John J. McCarty was installed as noble grand of Euclid Lodge No. 68, IOOF.

Some 78 persons attended the affair to witness the installation of Mr. McCarty and his corps of officers for the coming year.

Officers of Chino lodge, headed by district deputy grand master Barclay, performed the installation ceremonies.

Those taking office, in addition to the noble grand, were as follows:

Robert O. Collier, vice grand; Homer Washburn, right supporter to the noble grand; Dale Jamison, left supporter to the noble grand; Verl C. Haynes, right supporter to the vice grand; Herschel Skeeter, left supporter to the vice grand.

Niles Katt, warden; Claude Gosnell, conductor; Hugh Lamphear, chaplain; Carl Writz, right scene supporter; Claude Curteman, left scene supporter; Watts Cate, inside guardian and Harry Plum, outside guardian.

Assisting district deputy grand master Barklay and his corps of officers was the Chino drill team which took part in the ceremonies.

Following the installation, refreshments were served.

Pirates Playing La Verne Tonight

The Ontario Pirates (or Merchants, if you prefer that name) go into action this evening at Galvin park.

At 8 p. m., they meet the La Verne Veterans who will have Earl Smith on the mound. Upland's Bill Gear will pitch for the Pirates, Manager Kenny Smith states.

No U. S. Funds To Be Spent, Marshall Says

WASHINGTON, July 16, AP— Secretary of State Marshall announced today the United States is taking steps to turn over 10 merchant ships to Turkey as a first move in the new program of strengthening the Turkish armed forces.

Marshall told a press conference that, with the Navy's concurrence, he had asked the maritime commission to sell Turkey six U. S. government-owned cargo-passenger vessels. The maritime commission also is being asked to sell four surplus vessels to Turkey.

Marshall was asked whether this represented the first transfer under the $100,000,000 undertaking to strengthen Turkey, and he replied affirmatively. Marshall noted that the sale of the six cargo-passenger vessels did not involve expenditure of any U. S. funds. They will be paid for in cash.

The six cargo-passenger vessels were described as pre-war built and of medium size. The four surplus craft were built during the war and were not otherwise described.

Marshall also discussed the Greek situation in response to questions. He said that the function of American representatives reported with the Greek army is to determine what is needed to strengthen the army.

In carrying out the military phase of the $300,000,000 Greek aid program, he explained it is necessary to determine what should be done. The Greek army is engaged in guerrilla warfare, he said, adding this is quite different from normal warfare.

The state department, Marshall said, had very little information thus far on the fighting in Greece beyond what has been published in press dispatches. He added that representatives of the United Nations Balkan inquiry commission are flying to the frontier area, where the fighting is underway.

Appoint Mason On Water Committee

Will Mason, of Upland, has been appointed to represent the board of supervisors on the Chino Basin Water committee, it was learned today.

The group meets the first and third week of each month and Supervisor Mason plans to attend these meetings and possibly others that may be held.

S. M. Hoyt is chairman of the committee.

Cucamonga Druggist Sets 'Record' In Sale and Purchase of Drug Stores

Sol Teplow, veteran Cucamonga druggist, recently established a new real estate record in the drug store field.

During the past week he sold the Cucamonga drug store building, which houses a drug store, cleaning establishment and ladies ready-to-wear shop to Sabastian Servetti of Cucamonga.

In the same week he also sold his Garey Avenue Pharmacy in Pomona, which he had only recently opened, to Major John Burns, Alameda. And on Monday of this week, he announced the purchase of a drug store in San Bernardino.

As a side issue during the past week, Mr. Teplow also sold his home on 115 West Foothill boulevard to Mr. and Mrs. Elton S. Cobb, Phoenix, Ariz., and also acquired a new home in Ontario on East G street, which he and his family will soon occupy.

Mr. Teplow has been in the drug business for the past 30 years and is the owner of the Mat-Mar Drive-In on West Foothill boulevard, Cucamonga.

YOUR Sunkist REPORTER

Chicago to L.A. in 1/5 second

Your reporter never will get used to teletype machines . . . Clicking along all by themselves, typing out messages from some place thousands of miles away!

Just been watching the teletypes at work at the Sunkist Building. Sales reports and market information from Sunkist offices all over the East and Midwest go to the Chicago sales office by telegram, then to L.A. in 1/5 of a second.

★ ★ ★

Seems queer to send a telegram from Omaha back to Chicago in order to send it to Los Angeles! There's a good reason, though.

The telegraph rate from Omaha to Los Angeles is $1.08 for 10 words. But if the wire goes to Chicago and then comes out to L. A. on Exchange teletype, the most you pay for the entire distance is 84c. That's a saving of 24c on every 10 words.

But because of the volume of messages sent via Chicago from all the different Sunkist offices, the Exchange usually earns the best possible rate. So 10 words from Omana to Los Angeles cost only 72c—a saving of 36c.

That's only one example of how the exclusive Exchange news gathering system works. Actually every modern means of communication is used to keep Exchange shippers constantly informed of latest market trends. It all adds up to split-second action in a fast moving business.

★ ★ ★ ★

In Los Angeles messages are immediately teletyped to the Sunkist district exchanges throughout the citrus areas.

Result: Sunkist district exchange managers have before them at all times the very latest information on citrus supply and demand throughout the U.S.—know exactly where your fruit will sell to best advantage.

No other citrus marketing organization has anything comparable to this. It's possible only when a great many growers *work together* in one cooperative.

Next report one week from today.

Greek Army Planes Hammer At Guerrillas Trapped In Mountains

New Invasion Of Greek Soil Soon Feared

ATHENS, July 16 (AP)—Greek army planes hammered 2,500 leftist guerrillas trapped on the slopes of Mount Gamila north of Ioannina (Janina) today as three government brigades closed in for a showdown battle, military sources reported.

Army authorities said that precautions also had been taken against any new invasion of Greek soil. The authorities added that Greek intelligence reports disclosed there were six guerrilla concentration centers—three in Albania and three in Yugoslavia—from which new offenses could be launched. These reports said the largest of the three in Albania was at Lescovic, and that a hospital for the guerrillas was located there.

A source close to the general staff indicated last night that the field of the payoff battle in northwestern Greece probably would be near the villages of Yeroplatanos and Vasilikon where, he said, the army had guerrillas surrounded. Vasilikon is only four miles from the Albanian frontier.

Top military authorities said they feared a new large-scale guerrilla operation in the Florina area facing the Yugoslav border. Informed sources said such a move might come in an effort to relieve a large guerrilla force on Mount Grammos which has been taking a severe pummelling for two weeks.

Sources in official government circles said if the Greek situation grew much worse it might be necessary to request the American mission to sanction an increase in the Greek army from 130,000 to 300,000 men. Such a sharp increase would bite substantially into the United States aid program funds previously earmarked for civilian use.

Movies Said Cause Of Divorce

CHICAGO, July 16, AP—American movies were blamed for increasing the Mexican divorce rate by a Roman Catholic church lay leader from below the border.

Miss Sophia Del Valle of Mexico City, here to confer with Catholic lay leaders, told a news conference that "American movies are creating a great misconception in Mexico about the United States."

"Mexicans identify the United States primarily through Hollywood," she said, adding that although there are some good movies, "the majority are cheap."

Miss Del Valle, head of a girls' school and vice president for Mexico of the Catholic cofraternity of pilgrims, blamed the movies not only for increasing the Mexican divorce rate but for "lowering of general moral standards and corrupting the minds of people."

"Good Will" Group Touring Washington

WASHINGTON, July 16, AP—Dr. Clem Davies, Los Angeles minister, and his group of 175 Southern California "good will" tourists arrived in Washington today for a two-day visit.

The Californians left their special train at uinon station, breakfasted at the Annapolis hotel and began a sightseeing trip of public buildings before lunch.

Dr. Davies, a vigorous foe of communism, told reporters he arranged the coast-to-coast trip with the idea of showing his flock the "cradle of liberty and the beauties of democracy."

Work Continuing On Counterfeiting Case

WASHINGTON, July 16, AP Chief James J. Maloney said today the Secret Service seized at Los Angeles in March a set of counterfeiting plates probably used in printing $60,000 in bogus bills found this week near St. George, Utah.

Maloney said "a couple of men got away" when Secret Service agents nabbed an automobile containing the plates, but their identities are known to the service and work on the case is continuing.

Bank Clearings

Ontario and Upland bank clearings for the past week amounted to $6,248,910.18 with clearings for the same week of last year reaching $7,794,299.34.

Ontario banks cleared $4,094,514.03, with figures for the corresponding week of last year showing $5,245,963.43. Upland banks cleared $2,154,396.15, with last year's total listed at $2,548,335.91.

Governor's Conference Committee Approves Marshall Plan To Bring Peace And Freedom

SALT LAKE CITY, July 16 (AP) The National Governor's conference resolutions' committee approved unanimously today a pledge of support for Secretary of State Marshall's efforts to bring peace and freedom to a weary world.

Members of the committee said the resolution, text of which was withheld pending action of the full conference, was couched in general terms of approval of Marshall's efforts to bring a peaceful settlement of the world's problems.

The Marshall plan of economic rehabilitation for Europe was not specifically mentioned in the pledge, said Gov. Frank Carlson, Kansas Republican, a committee member.

"It is a very sincere resolution of support for the secretary of state," Carlson said. He added that the pledge was directed at backing Marshall's efforts all over the world and not only in Europe.

Tidelands

The resolutions committee also was reported to have approved unanimously a resolution urging congress to clear up the question of state title to offshore ocean tidelands and similar areas.

A committee member said a resolution endorsing statehood for Alaska was approved, adding that Hawaii probably would be included in the same document when it is laid before the full conference this afternoon.

Republican governors made it plain earlier that they would await a specific blueprint of the Marshall plan before committing their party to a full endorsement of it.

Black and White

Gov. Earl Warren of California told a reporter at the governors' conference that before he offers unqualified endorsement of the proposal of Secretary of State Marshall for American aid to the distressed countries of Europe, he wants to see in black and white the economic justification for such a potentially expensive program.

The California governor said he endorses in principle Marshall's proposal to furnish financial aid to those countries which otherwise might drift rapidly away from the Democratic orbit.

Marshall Backs Refugee Plan

WASHINGTON, July 16 (AP)—Secretary of State Marshall, urging admission of 400,000 European war refugees, was interrupted in his testimony today by the suggestion the United States already has absorbed its share of aliens.

Marshall retorted: "That's the significance of the statue of liberty."

Rep. Gossett (D-Tex) made the observation that brought the reply as Marshall, Secretary of War Patterson and Secretary of Commerce Harriman asked a House Judiciary subcommittee to approve legislation permitting the entry of displaced persons.

Marshall testified he would be willing to see Congress pass this year a measure to admit only 100, 000 refugees—the proposed legislation would provide for entry of 100,000 a year for four years.

JUST BURGLARY IN REVERSE

CHICAGO. (AP.)—The owner of a liquor store asked police to help him find the night watchman who broke out of instead of into his establishment.

The proprietor said he hired the night watchman with the understanding that he would be locked in the place from 2 a. m., closing hour, until reopening at 11 a. m.

But the watchman broke out by chopping a hole through the front door and with him went, the owner said, $500 in cash and a quantity of merchandise.

Conference On Japanese Peace Treaty Asked

WASHINGTON, July 16 (AP)—The United States announced today it has proposed an 11-nation conference August 19 to begin work on a Japanese peace treaty. The proposal represents a break with the peace-making methods followed in Europe where Russia and each of the other Big Four powers has an absolute veto.

The conference, under the American proposal, would be held either in Washington or San Francisco. Some of the invited nations might suggest alternative places or dates.

No replies have been received to the proposal which was made, the State department announced, last Friday.

American officials said that because of the availability of diplomatic representatives in Washington it probably would be simpler to arrange this initial conference here, but the American proposal was reported authoritatively to have left the way open for a meeting in San Francisco. The state department's formal announcement said only the United States told the other governments that "it would be pleased to be host" if they desire.

NO MAJOR DEPRESSION, HENDERSON SAYS, BUT PRICES MAY COLLAPSE SOON

WASHINGTON, July 16, AP—Former Price Administrator Leon Henderson said today he sees "little immediate danger of a major depression" but prices may collapse disastrously as they did after World War I.

"While that collapse (of 1920-21) cannot be compared with the grinding depression of 1929-33; it was no picnic," Henderson said in a statement prepared for the joint congressional committee on the economic report.

He presented his document as chairman of the executive committee of Americans for Democratic Action, an organization of self-styled "liberals committed to the principles of liberty and justice and the democratic process."

"Today, just as in 1920, prices have been permitted to get out of hand," Henderson declared. "Once again, the price structure is shot through with distortions and imbalances."

Henderson, now chief economist of the Research Institute of America, a private business survey enterprise, made no mention in his statement of yesterday's testimony to the committee by the National Association of Manufacturers. But the ADA views he set forth clashed sharply with those enunciated by NAM President Earl Bunting.

NANKING (AP)—China sent a second protest to Moscow over the Peitashan incident which involved a Sinkiang (China) border clash between Chinese and troops of Pro-Russion outer Mongolia last month.

Truman Urges Flood Control On Mississippi

WASHINGTON, July 16 (AP)—President Truman recommended to Congress today an immediate start upon a 10-year-old program for controlling floods and developing water resources of the Mississippi river basin. He asked $250,000,000 to get the work underway.

In a special message, Mr. Truman outlined a program that embraced also navigation, irrigation, hydroelectric power development and other utilization of water resources. But he said flood control must come first in the light of flood losses on the Missouri and Mississippi this year that may exceed $500,000,000.

The President noted that many of the necessary flood control projects already have been authorized by congress and added:

"What we need to do is to take immediate advantage of the Mississippi basin's authorizations totaling almost $6,000,000,000—which the congress has already voted for flood control and related purposes.

LIBRARY CIRCULATION INDICATES GOOD ATTITUDE HERE

It is a very heartening situation when the library circulation increases. A gain would be naturally expected and the 14 per cent gain as reported by Mrs. George West, librarian, shows a very satisfactory situation here.

In this and every community the library should be one of the very "substantial" institutions. And that we have here, thanks to the fine administration given for years by Mrs. F. H. Manker as librarian, and now by Mrs. George West, librarian.

Of course, those in close touch with the reading public, are looking forward to the eventual construction of a new building here. That will be a great day in Upland.

TELEVISION-TELEPHONE HOOKUP WILL REALLY BE SOMETHING

The television-telephone hookup which will enable the family to sit at home while they "go" to the movies, sounds fascinating.

The hookup, as announced recently in Chicago, is designed to bring television shows into the home on a pay-as-you-see basis. You will call the telephone operator and tell her to "plug in"—and put the charge on the phone bill.

Some of the present radio shows may be televised in this manner, thus eliminating sponsors and commercials. That, neighbors, would be one of the greatest advances made in civilization in many years.

SECURITY ESSENTIAL IN DEALING WITH ATOMIC BOMB SECRETS

The atomic "spy" scare, even though it may be mostly scare, nevertheless points up the biggest problem confronting the atomic energy commission—SECURITY. Apparently very little, if anything important, was obtained by the two army sergeants, but the fact that they did get some papers and that they were not discovered for months, is a little disturbing to the American people.

Our position in regard to atomic secrets is much like that of the tight-rope walker in the circus. We can't afford to slip—not even once. Just a small information leak here or there might be just the bit of information needed to speed the development of atomic power elsewhere.

No one physical thing bears more importantly on the lives and fortunes of the American people than atomic energy. We should preciously guard the secret.

GIVE REPORT

The County Civil Service commission announced the release of its first annual report which covers the period from October 3, 1946, to July 1, 1947. Copies of the report were distributed to members of the board of supervisors, department heads, and most county employees. Additional copies are available for interested parties and organizations at the Civil Service Commission's office in the courthouse.

Mackenzie's Column

By DeWitt Mackenzie

The United States government has just issued its first official statement of policy governing Germany since the war, and takes the stand that a stable and productive Germany is necessary to make Europe orderly and prosperous.

This historic statement is in the form of a directive to the American occupation force in Germany.

It instructs Lieut. Gen. Clay, American zone commander, to exert every effort to achieve economic unity with other zones, and says highest priority should be given to increased production of coal, food and export goods.

DeWitt Mackenzie

The greatest importance must be attached to this declaration in view of the increasing gravity of the European economic crisis.

The United States directive takes on particular significance in view of the approaching Anglo-American conference in Washington to discuss methods for increasing the all-important coal production of the Ruhr upon which economic recovery not only of Germany but of Europe depends so heavily.

That conference is likely to pivot on a showdown between the two countries over the British socialist government's insistence on nationalization of the Ruhr coal mines.

The United States has opposed this, and the other day proposed nationalization be deferred for five years.

Washington takes the view that nationalization is a question for the German people to decide.

Of course it's easy to understand why a socialist government, which ranks nationalism as one of its cardinal tenets, should want to see it carried out in Germany and elsewhere.

It will be surprising, however, if an ideological argument is allowed to stymie an agreement for German recovery.

Rent Boards For County Planned

Acting on a request from Governor Earl Warren, Frank R. Creedon, housing expediter, is expected to authorize additional rent control advisory boards in San Bernardino county.

After the appointment of members of the boards by Mr. Creedon, the local boards will begin their duties of informing the housing expeditor on matters of decontrol in the rental areas, the adequacies of the rent level in the area, and the operation of the local rent office.

George J. MacDonald, director of the San Bernardino-Riverside rental area, is leaving tomorrow for San Francisco where he will participate in a three-day conference with officials from Mr. Creedon's office and other California rent control directors.

ABC EXPLANATION

Marshall Plan Vague But Nations To Try And Give Concrete Form

By JAMES MARLOW

WASHINGTON, AP—Here's an ABC explanation of one of the world's great experiments which is starting now.

It's this: Sixeen European nations are meeting in Paris — the meeting started Saturday—to work out the Marshall plan.

If this story itself sounds vague to you—if all talk of the Marshall plan so far has seemed vague to you—your reaction has been right.

The Marshall plan itself is vague. It probably will remain that way some time. In fact, it is not even a plan. It's only a proposal.

This whole thing, including the meeting going on in Paris now, is a direct result of a speech Secretary of State Marshall made June 5.

Briefly, Marshall in that speech sai dthis:

1. The U. S. has poured billions of dollars into Europe to get it on its feet. But the U. S. help was given piece-meal. And Europe is sill on its back.

2. Before the U. S. gives any more help, the European nations must show signs of helping themselves instead of running to the U. S. for everything.

3. If the European nations show they can help themselves and still need help from outside, they can ask the U. S.

4. But whatever help they get from the U. S. won't be given in a piece-meal way any more. It will be given only according to plan.

What plan? There isn't any now. The 16 nations in Paris now are meeting to set up a plan.

SANTA MONICA, AP—"This a holdup," said the gruff voice outside the movie ticket window.

"Are you kidding?" laughed Wanda June Phillips, the cashier in front of the gun's muzzle. "Move on, you're holding up the line."

The would-be bandit fled, but the next man in line pursued, collared him and called the police.

State Police Must Be 5' 9" Tall

"Height not less than 5 feet 9 inches" is one of the physical requirements for men who are applying for the state traffic officer examination to be held August 23, the State Personnel board announced today.

United States citizens who have resided in California during the past year may qualify if they have completed the 12th grade or have experience in police work, or investigation or inspection work in connection with law enforcement, or comparable work in the armed forces.

Ontario Pilot Dies Following Plane Injuries

Carlos Backus, 43, 957 East J street, Ontario, died yesterday morning at San Antonio hospital, nine hours after the light plane he was flying pancaked into a field near Pipeline avenue two miles west of Chino.

A. Leslie Hill, Newark, N. J., stepson of Mr. Backus, was slightly injured in the crash and is now a patient at the hospital.

The plane went down a scant 20 minutes after it had taken off from the Cable-Claremont airport. The ship was believed to have run out of gas, investigating officers reported. However, Dewey Cable, airport manager, said CAA officials had launched an investigation to determine the exact cause of the tragedy.

Mr. Backus was a veteran pilot, having secured his first license in 1925. He once held a commercial pilot's license, Mr. Cable said.

In partnership with William Nunn, Mr. Backus was agent in this area for the Swift airplane, the ship in which he met his death.

The wrecked plane, which had both wings sheared off, has been removed to the Cable-Claremont airport.

Born in Fayetteville, Ark., August 31, 1898, Mr. Backus had resided in California for 11 years. Surviving are his widow, Lillian; two sons, Robert G. and Richard K. Backus of Ontario; his father, Raymond Backus of Fayetteville, W. Va., his step-son, A. Leslie Hill; one half-brother and six half-sisters, all of whom reside in West Virginia.

Funeral services will be conducted tomorrow morning at 10 a. m. at the Todd Funeral chapel in Pomona, the community in which he had resided for the past eight years. He came to Ontario to reside about a month ago.

The Rev. Mrs. Ira D. Warner, pastor of the United Brethren church of Pomona, will officiate at the services. Interment will be in Pomona cemetery.

BY DON BENSON

Kenny Smith, manager of the Upland Merchants and local baseball chief, told me last April that he had plans for the youngsters of Chaffey and kids in general that he was going to devote himself too.

Kenny explained that at the time he was just beginning to play baseball and feel his oats, there wasn't anything or anyone that would help the future of the prospective ball player. Kenny, sang he knew he was far too old for any playing himself as far as a career, said he wanted to work with the local boys and try to help them all he could, in every way.

While ball players, for the most part, either have the ability or don't, the batting averages of some of Smith's players have some of the baseball scouts drooling. These players were good before Smith got his hands on them. But his efforts and work have helped give them games, confidence and kept them in the public's eye.

One of Smith's boys, Bill H. Wolfe,, was recently named as representative of the L. A. Times in the Eastern classic for high school seniors, an outstanding achievement and certainly top honor for this Chaffey star.

Ed Aitken, another members of the Upland Merchants, who last year went east for the baseball world series as far as high school players are concerned, is now batting a measly .667 (yes—.677!) while Bill Wolfe is "slumping" into an even .600!

Another Smith swat merchant, Wagner, is above .500, so you see Kenny is doing his part. Your handling of these boys is living up to your April comments, and Kenny, keep it up!

My contemporary, Bob Holt, sez that dear old Oscar Ayers wants to have his Van Fleet team play the Ontario Rockets and wants to know why they (the Rockets) won't play him. Well, it's like this, Oscar. First, you have never asked business manager Ralph Taylor for a game, for one thing. Second, the Van Fleet team, while no doubt capable of playing snappy ball, neverhe less figure to be no match for the slugging Rockets. (Yes, they slug the ball, except against the Reginas!)

Thirdly, why not have the Van Fleet's play the Rockets at Upland's new park, with all proceeds going to the Park fund or some worthy cause (such as getting the Rotarian's a hot-shot pitcher!)

Frankly, it looks as if the Rockets are going to have enough trouble fighting off the repeated charges of Etiwanda and the hottest eam in the league at present, the San Berdoo Prop Room, without sticking their necks out for the hustling Van Fleet team!

Berdoo, now having "What-A-Man" Bill Davis on the mound, plus "Jarrin' Jawn" Fiscalini, the California intercollegiate batting champ, and hard hitting "Whitey" Whitebrook, plus Ed Temby's big bat, have gone undefeated in their last six games, to climb within one game of the Rockets. Berdoo also seems to be able to knock over the Reginas, something the fans locally know all too well, apparently is impossible for the Rockets to do.

* * *

The pressure is now on—everyone will be played for "keeps" and the Rockets will have to start getting some pitching. And while I lost my crystal ball after picking Illinois to be murdered by U. C. L. A. last Rose Bowl day, I'll venture to timidly say you'll see the greatest pitcher in Southern California in yesteryear's Glenn "Cab" Callaway.

Stroll out to the mound much more often. My boy, Jeff Benner, if his ailing flipper should recover the former magic he possessed last year, will also see lots of action.

Howard Coats, still leading the league with an 8-3 mark, isn't being tossed to the wolves, but it seems the leagues batters are beginning to like his pitches better than before. Howard took several unmerciful poundings, thanks to Mgr. Benny Burgess's so-called "strategy."

So you see, Mr. Holt, if Mr. Ayres wishes to play the Rockets it is easy to see the Rockets have plenty of headaches ahead, without the Van Fleet team. However, I think that it could be arranged if the Rocket schedule permits. Better see Taylor!

Yachts Now Within 300 Miles Of Goal

SAN PEDRO, July 16 (AP) — Leaders in the Trans-Pacific yacht race were on the final stretch to Honolulu today and four of the craft were reported within approximately 300 miles of Diamond Head.

Secretary Joe Bitterlin of the Trans-Pacific yacht club said that the Morning Star and Chubasco were reported by radio to be less than 300 miles from their goal and that White Cloud and Westward were nearing the 300-mile mark.

No Challengers In Sight For Louis

NEW YORK, July 16 (AP) Joe Louis, faced with a shortage of manpower in his own profession, seems destined to grow old gracefully by swinging a golf club.

The 33-year-old champion, who hasn't had a serious workout in the last six years of his decade on the heavyweight throne, has decided to forego a defense of his title this year because of the lack of any suitable opponents.

The Bomber flew into town yesterday, huddled briefly with his manager, Marshall Miles and the 20th century sporting club's Sol Strauss, and then announced the cancellation of a tentatively scheduled Sept. 19 bout in Yankee stadium.

Fleetmasters Move Up With Win Over Police

Couch Club In Second League Win

The Alan Couch Fleetmasters moved into the challengers spot in the Upland B league last night, when they bowled over the Police, 11-7, in a game played at city park.

Two big innings, the first and fifth, iced the contest for Mac Magruder's hands. They tallied five times in the opening frame, after two were out. Three errors and Dalton's homer were the big factors in that splurge.

Errors—the Police committed six of 'em in the course of the evening—also figured in the fifth inning burst.

Chief Mueller's club also enjoyed a pair of big innings. In the first, after Michaelis was safe on a fielders choice, Meek and Solters blasted consecutive hits, the latter's blow a homer to right for three runs.

Three more hits in the fifth accounted for the club's other tallies.

For the Fleetmasters, Dalton, with three hits and Trosin and Wilson for two, were the leaders.

Lichti, Fleetmasters pitcher, worked all the way, giving seven blows, striking out two and passing the same number. Owens, Police flinger, walked two batsmen, fanned one.

Monday Game

Three errors in the fifth inning by the Ontario Legion nine Monday night, enabled the Van Fleets to talley a trio of runs, and walk off the field 5-2 victors in their third-round ball game.

CITY SOFTBALL MANAGERS MEET THIS EVENING

Tonight at 5:30, managers of city league teams in both A and B divisions—or their auhorized representatives—will gather at city hall for discussion of important matters relating to the league, Recreation Director Lew Fuller announces.

"It is vitally important that every manager should attend this meeting. If it is not possible for him to be there in person, he should delegate someone with power to act," Fuller said.

Questions to be discussed, it is understood, include the problems of team rosters, fees and similiar matters.

List Games For Junior Loop

A schedule of games of the Upland junior softball league, in which six teams are now entered, has been released by Recreation Director Lew Fuller.

Contests in the junior circuit are played as preliminaries to regular contests. All games are slated at 6:30. The schedule of games is as follows:

July 15—Sub Pirates vs. Corona.
July 21—Sub Pirates vs. Cougars.
July 22—Ramblers vs. Cucamonga.
July 23—Ramblers vs. Sub Pirates.
July 24—Corona vs. Lemon Squeezers.
July 25—Lemon Squeezers vs. Cougars.
July 29—Corona vs. Cucamonga.
July 30—Ramblers vs. Corona.
July 31—Lemon Squeezers vs. Sub Pirates.

Expect Record Gate For Zale-Graziano

CHICAGO, July 16 (AP)—Tony Zale, world's middleweight champion, and challenger Rocky Graziano, two of the greatest offensive fighters in the past 10 years, battle tonight before upwards of 20,000 spectators who will contribute to a record all-time indoor gate of around $450,000.

The contest in the Chicago stadium is scheduled for 15 rounds or less—undoubtedly less, considering the punching prowess of both. No one, including Zale and Graziano, believes it will go to the limit. The consensus of experts is that Zale will triumph within six rounds.

Zale at the age of 33 defends his title for the second time against the challenge of Graziano, 25.

Pirates, Corona Tangle Tonight

The Upland Pirates, current loop leaders, will face one of their strongest challengers for A league supremacy tonight when they play the Corona Red Devils here.

After being edged 1-0 by Van Fleets in the loop opener, Chet Nicholson's Corona nine came back strong last week to bounce the Ontario Legion, 8-1.

A Corona victory tonight would knot the league lead three ways, with Van Fleets, the Red Devils and the Pirates tie with two wins and a loss each.

Tomorrow night the Upland Legion and Odd Fellows get back into action with a game at 7. The Upland Police will play the Monrovia police nine at 8:30.

Game time this evening is 8:15.

Mize Goat In Oriole Loss

Mike Mize, Ontario second baseman, was the goat last night in Reno's 11-10 conquest of the Ontario Orioles in the Nevada city, Associated Press reports.

Mize dropped a short fly in the 11th inning, permitted the Silver Sox to walk off with a victory.

AT BAT WITH "THE HAT"

Fidgety Harry Walker of the Phils gives fans and fellow players many a laugh with his batting routine. Before he goes to the plate Harry—1. removes his cap and scratches his arm; 2. Blows on his fingers; 3. puts the bat between his knees and rubs his hands. There's nothing funny, however, in the extra base blows he raps off enemy pitchers.

ANGELS' LEAD NOW SIX GAMES OAKLAND TAKES SECOND SPOT

By The Associated Press

The Oakland Oaks, by the slim margin of one percentage point, are in second place in the Pacific Coast league race today with the heavy hitting Los Angeles Angels still on top by a comfortable six-game margin over their two closest rivals.

The Acorns' 4 to 3 win over Hollywood last night and the Angels' 8 to 5 thumping of the San Francisco Seals displaced the Seals from second place and moved Oakland up.

Portland edged up to fourth in the standings, ousting Sacramento. The Beavers opened a series with Seattle by defeating the Rainiers 8 to 3. Seattle got to Roy Helser for 12 hits but couldn't buneh them effectively and the Rainiers were never able to overcome a five-run, five-hit attack on Waft Dubiel in the third.

Max West of the San Diego Padres bashed his 24th home run of the season, setting a new team record, to give his club the edge in a 5 to 4 victory over Sacramento.

Yanks Threatening 40-Year Win Mark

By The Associated Press

One of the American league's most majestic marks—the 19 consecutive victories by the Chicago White Sox, famous hitless wonders of 1906—was being seriously threatened today by the New York Yankees.

Postpone Rocket Game With Prop Room Team

Because Galvin Park will not be available, tonight's scheduled game between the San Bernardino Prop Room and the Ontario Rockets will be played at a later date, Business Manager Ralph Taylor has announced.

The postponement gives Benny Burgess' hands a short respite in the torrid American Nightball league pennant race which has seen the Proppers cop seven straight and threaten the Ontarian's lead.

Ontario	14	8	.637

Etiwanda	12	14	.524
Riverside	11	11	.500
Colton	10	12	.455
Pomona	6	16	.273

Both clubs maintained the pace Monday, when the Prop Room clipped Etiwanda, 4-0 in Frank Meriscal's three-hit pitching, and Cab Calloway set the Riverside Packers down with five blows for a 6-1 triumph.

Riverside scored their lone run in the very first inning Monday night, when Bruce Wilson get a life on Burgess's fumble, was sacrificed to second, stole third and came home on a long fly.

Ontario came back to take the lead in their half when Rex Hannah belted a double to scored Wasmuth and Norris Hanna who had singled.

Chili Hall, left fielder added two more with a double in the fifth. Calloway struck out six in going the route, while Strickland fanned five.

At San Bernardino, Roy Maxie and Red Trettin were bombarded for nine blows, as Meriscal proved invincible for inning after inning.

Only Santrack, Burton and Blatnik got the hits off his slants, all singles.

A homer by Carl Swing and a triple by Rosy Shoaff were the big knocks for the winners.

In the third game Monday evening, Bud Mayer shut out the Pomona Pioneers, while his Colton Hubbers were banging out 11 hits for a 3-0 triumph.

The Pioneers will visit Etiwanda tonight and Ontario Friday night. Saturday eve, the Rockets will journey to Alhambra to do battle with an all-star team there.

ONTARIO COUNCIL

Ontario Cuts Tax Rate To $1.56 Ups Wages Of Employes 15 Per Cent

A tentative budget of $516,042 with a tax rate of $1.56, both subject to revision and correction after the books have been balanced for the fiscal year 1946-47 and after new assessed valuations have been made known, was approved by the Ontario City council Monday evening.

A general 15 per cent pay increase for virtually all city employees was responsible for a large portion of the $41,394 increase which was noted in the general fund.

The general fund which was $361,755 last year was raised to $403,149 and represents 80 cents of the tax rate.

The Park department and the library were increased almost $4000 each most of the extra money being necessary because of the salary increases.

Munincipal bonds were decreased slightly and now represent only 24 cents of the tax rate compared with 33 cents in last year's budget.

The $1.56 rate is a 19 cent cut from last year's figure of $1.75 and compares favorably with most cities of the size of Ontario which average $1.90.

Taxpayers are expected to benefit little by the cut in the tax rate because indications are that increased valuations will bring the cost back up to the same level if not higher.

Included among the new items in this year's budget are a police stenographer and a full time clerk in the office of the city judge to replace a part time worker.

In addition, the fire department received an allotment for a new fire engine.

Absent from the budget was a $2500 request from the chamber of commerce for the All States picnic and a request by the police department for two more cars and three additional officers.

GIVE RECITAL

Of interest to people in the Chaffey district will be the appearance of Earle and Carolyn Blakeslee, tenor and soprano, in a duo-recital at the Bridges Hall of Music next Monday night. Mr. Blakeslee is the son of Mr. and Mrs. Earle Blakeslee.

Blakeslees To Give Concert At Claremont

Earle and Carolyn Blakeslee, son and daughter-in-law of Mr. and Mrs. S. Earle Blakeslee, Upland, will present a duo-recital in the concluding event of the Claremont summer concert series Monday night in Bridges Hall of Music.

The joint program will consist of groups of German, French and English songs and selections from the music of Kern, Gershwin, Friml and Kreisler as well as duets from "Pinafore" and "Pieces of Eight" by Wagenaar.

Mr. and Mrs. Blakeslee were leading tenor and soprano for the first American presentation of Benjamin Britten's "Rape of Lucretia" in New York and they have also gained recognition as solo artists in concert, church and radio music. The two met in Italy before the war while music students and have pooled their musical talents ever since.

Borbon Escapes Serious Injury

Eleazar Borbon Jr., 18, 138 Ninth avenue, escaped with minor injuries in what might have been a most serious accident Monday evening.

While the youth was inspecting the rear springs of his father's truck, a jack used to elevate the box of the truck slipped permitting it to crash down upon him.

Borbon's head was pinned between the truck box and the rear left wheels of the vehicle.

Neighbors succeeded in extracating him and Stone's ambulance rushed him to San Antonio Community hospital where x-rays revealed no serious injuries.

A cut over one eye was his only hurt, physicians said.

Borbon was a pitcher for the Chaffey High school Tigers during the baseball season and now plays with the Pirates in the Upland city softball league.

Two New Voices Stand Out In Chaffey Show

(Continued from Page One)

Adams, as sergeant of police, Fred Treise as the "Wayward Cop" and Reginald Taylor as the "Pirate King" all contributed heavily to making the production as entertaining as it was.

One of the most enjoyable of all was "The Wayward Cop's Dance," featuring young Treise and Theda Smith. Both of them portrayed almost to perfection the yearnings of young, uncertain love in all its manifestations and uncertainities. Another was the police chorus led by Chuck Adams singing "When a Felon's Not Engaged In His Employment" and telling everybody that "A policeman's lot is not a 'appy one.'" The Gilbert and Sullivan flair for satirizing "honored" institutions was very aptly demonstrated in this particular number.

Good Costumes

The costumes were well-received by the audience as well as the scenery, particularly that in the second act. William Kilby did a creditable job with prologue preceding each act and we'd like to hear more of his dramatic voice in the future.

A man who understands and loves Gilbert and Sullivan, S. Earle Blakeslee, caught the dash and spirit of the show as well as the satire and ably conducted the orchestra and the singers.

Except for a little difficulty with lines in spots and a rather slow beginning, the "Pirates of Penzance" was an entertaining and enjoyable show when you consider that the entire cast is made up of strictly amateurs, many of them very new in the "business" at that.

There were several from Upland in the vocal ensemble—Don Bowers, Henry Dahms, Betty Jane Gardner, John Gardner, Gloria Goslin, Jane Goslin, Stanley Hendy, Dorothy Martin, Darrel Mayberry, Howard Mitchell and Hermoine Strobeen.

Slate Bicycle Parade Friday

A bicycle parade through Upland streets is scheduled Friday afternoon at 2 p. m., Mrs. Ann Waggoner, assistant director of the summer play program, announced today.

Children participating in the program are engaged in decorating their bikes for the show, she said. Prizes are to be awarded to the most attractively decorated cycles with three Upland business men, to be named later, acting as judges.

The first meeting of the folk dancing class was a success, Mrs. Waggoner said. However, more persons are wanted for the classes.

Any young people or adults interested in folk dancing are requested to report to the Girl Scout house for the next class which will be held Friday evening at 7:30.

LONG BEACH, July 16, AP—Six incumbent councilmen were defeated decisively in a Long Beach municipal election yesterday.

STATE BRIEFS

LOS ANGELES, July 16, AP—The American aviation industry must produce at least 3,000 military aircraft annually to safeguard United States security, says Maj. Gen. Oliver P. Echols.

SANTA BARBARA, July 16, AP—Carbon Copy, owned by Peggy Platz of Beverly Hills, won first place in working hunters at last night's opening of Santa Barbara's annual six-day horse show. The horse was named champion hunter last year.

SAN DIEGO, July 16, AP—First Lt. C. E. Schwancke of Laguna Beach escaped with back injuries when he parachuted yesterday from his Corsair fighter but the crash of another Marine plane was fatal to its pilot.

LOS ANGELES, July 16, AP—A rent control ordinance for Los Angeles city probably will be recommended to the council by the public health and welfare committee within the next few days, says Councilman Kenneth Hahn, chairman of the committee.

SAUGUS, July 16, AP—Charles A. Norway, 32, was in the Newhall Community hospital today and three of his in-laws were in jail as the result of what sheriff's deputies described as a family feud at Norway's hog ranch in Soledad canyon near here last night.

PUENTE, July 16, AP—An Army BT-13 trainer pilot and his passenger, a neighbor youth, were killed today when the craft crashed in East Puente.

The Sheriff's office identified the pilot and plane owner as C. W. Duffey, and his passenger as Kenneth Severin, both of El Monte.

LOS ANGELES, July 16, AP—The Christian (Disciples of Christ) churches of Southern California in resolutions adopted at their annual convention opposed any universal military training legislation.

PALO ALTO, July 16, AP—President John F. Shelley of the San Francisco AFL labor council says William Green may retire and be replaced by John L. Lewis as president of the American Federation of Labor at the AFL convention to be held here later this year.

LOS ANGELES, July 16, AP—The war assets administration has put up Camp Anza for sale at auction as one big "package."

The Riverside county camp, a wartime debarkation point, includes 1,236 acres, complete utility systems and 435 temporary military-type buildings.

TULARE, July 16, AP—Charles P. Sturtevant, Tulare rancher who drilled for water in May and "was mad because he got oil," had another temper-twister today.

R. C. Budd sued Sturtevant for $9,293.50 damages on the ground that he was supposed to get water, and didn't, for farming acreage near the well.

LOS ANGELES, July 16, AP—Probably the quietest convention ever held in this city was in session at a downtown hotel today.

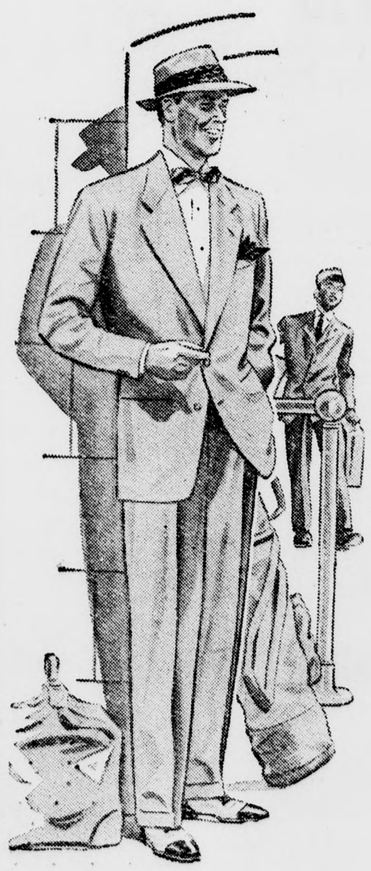

Two thousand deaf persons from throughout the United States were in attendance and business and conversations were carried on in sign language.

SANTA MONICA, July 16, AP—Walter Donaldson, prolific composer of many popular song hits since 1915, is dead.

The Brooklyn-born writer of "My Blue Heaven," "Yes Sir, That's My Baby," "My Mammy," "Little White Lies" and a host of others succumbed yesterday to a liver ailment of long standing. He was 54.

LOS ANGELES, July 16, AP—Arraignment of four men indicted on charges of robbery and kidnaping for the purpose of robbery in connection with the $114,000 jewel theft from Mrs. Samuel Genis in Beverly Hills April 2 was set for Friday.

LAN 4,000 MILE SINGING TOUR

Christ's Ambassadors male quartet of Beulah College, who will leave for a 4,000 mile tour of midwestern states Saturday, include Alvin Heise, first tenor; Paul Rosentrator, second tenor; Alvin Book, baritone, and Amos Buckwalter, bass. They will make the trip in a station wagon. (Ontario Photo Center)

TO MAKE TOUR

Dr. Jesse F. Lady, president of Beulah college, who will make the 4,000 mile trip of the mid-west with Christ's Ambassadors male quartet.

Beulah Quartet To Make Tour Of Mid-West

A 4,000 mile trip of mid-western states will be made by the Christ's Ambassadors quartet from Beulah college when they leave in the Beulah college station wagon Saturday.

Accompanied by Dr. Jesse F. Lady, president of Beulah college, the group will contact churches, camp meetings and youth rallies along the way. The tour is being made in behalf of the work and interests of the school here.

Although the theme song of the quartet is "Thine For Service," it has 26 other selections in its repertoire of songs which they will present in many parts of the mid-west.

The quartet is composed of Alvin Heise, first tenor; Paul Rosentrator, second tenor; Alvin Book, baritone and Amos Buckwalter, base.

Uplander Plays In "Pilgrimage"

Wilfred L. "Bill" Henry, son of Mr. and Mrs. Everett W. Henry, San Antonio Heights, has returned to California and is now appearing in the famous "The Pilgrimage Play" in Hollywood.

Assistant director of the production, he is also appearing in the roles of John, the Baptist, and Longinus, a Centurian. His wife, Rosamond, formerly of Pomona, is secretary to the director, Arthur Kachel.

Mr. Henry has had an active career in dramatics. Starting at Chaffey, where he was featured in many productions, he spent four years at the Pasadena playhouse, following which he appeared on the New York stage. During the war while a member of the Army air corps he directed and played in numerous shows at Colton and in the Canal Zone.

He was on the staff of the Leland Powers School of the Theatre in Boston before returning to California. He plans to remain on the West Coast to continue his theatrical career.

Microbes From Sea May Provide Drug

LA JOLLA, AP—Microbes from the sea may provide medical science in the future with anti-disease substances similar to penicillin, two Universit yof California marine biologists reported today.

Laboratory tests of 58 kinds of salt water bacteria yielded nine that were effective test tube killers of anthrax and other gram positive bacteria, said the researchers, Dr. William D. Rosenfeld and Dr. Claude E. Zobell.

SAW DAH YB LLA A DOOG EMIT

BLOOMINGTON, Ill. (AP)—The drawkcab ytrap is a lot of fun.

It's the backward party, spelled in reverse. The Friendly Circle club sponsored one recently. Invitations were written backward, guests wore their garments backward, and the supper began with dessert.

FM APPLICATION

WASHINGTON, AP—The Communications commission has received an application from the San Gabriel Valley Broadcasting Co. of Monrovia, Calif., for a new FM broadcasting station.

FUTURE FARMERS TO COMPETE FOR PREMIUMS AT CALIFORNIA STATE FAIR

California's Future Farmers of America and members of 4-H Clubs will compete for $18,000 in premiums at the California State Fair in Sacramento, August 28 through September 7, it was announced by Ned Green, secretary-manager of the fair. The junior division premium book was in the mails today.

On Governor's day, Thursday, September 4, the cattle entered by the juniors will participate in the $2,000,000 livestock parade, starting at 11 a.m. in front of the grandstand.

The increasing importance of the young men and women of California as farmers of both today and tomorrow has brought them outstanding recognition at the state fair. In 1939 a complete unit of buildings was built for use only by the Future Farmers and 4-H club exhibitors. The buildings were designed to accommodate their specialized farming interests.

Plan Aerial Show For Army Air Day

Open house, aerial show and ground displays will mark the observance of Air Force day, August 1, the 40 anniversary of the founding of the Army Air Forces according to an announcement today by Colonel George G. Lundberg, commanding officer of San Bernardino Army air field.

Elaborate preparations are underway for the entertainment of the thousands of visitors who it is anticipated will visit the SBAAF during the "open house" from 2 p.m. to 7 p.m. Adequate seating will be provided and refreshment stands will be installed for the public's convenience.

Prizes For All In Pet Show

A "prize for every entry" is being promised all contestants in the annual Optimists club pet show to be held in John Galvin park Sunday afternoon.

Any boy or girl under 14 may enter their pet in any of four classifications: (1) Best trained pet. (2) Funniest pet. (3) Most unusual pet. (4) Most useless pet. Entry blanks may be obtained from either the Park or California theatres, or the pet may be registered prior to the opening of the judging on Sunday.

In addition to a prize for every entry, a grand prize will be offered in each of the four divisions, with a grand prize for the sweepstake honors.

Alta Loma Girl Speaks On Peace In San Diego

Barbara Grant, 1298 Amethyist avenue, Alta Loma, and four other students, who will form the San Diego Peace Caravan, arrived in San Diego Monday to fill a month of speaking engagements.

Miss Grant, recent honor graduate of LaVerne college, received the nomination while attending the recent Whittier Peace conference, and will speak on various phases of peace until August 20th. The caravan is sponsored by Whittier, the Quakers and a number of ministerial unions.

Miss Grant, a winner of a Claremont college history scholarship, will enter Claremont college in the fall as a history major. At a later date she will go to Europe where she will work on international rehabilitation.

Though only 21, Miss Grant has had much experience on the speakers platform. At the age of 16 she became a licensed minister of the Church of the Brethren. She is the daughter of Mr. and Mrs. Donald Grant, Alta Loma, and a former resident of LaVerne.

Other students on the San Diego Peace Caravan are Katherine Combessdeth, Attley Schlider, and Robert Fitzsimmons.

Announce Changes After July 25

Full emphasis in activities of the Office of the Housing Expediter in Southern California will shift on July 25 to the division of compliance, and to the division of rent control, the only two field organizations of the federal agency continuing beyond that date.

Scheduled closing of other divisions was announced today by Assistant Regional Housing Expediter W. Conrad McKelvey at subregional headquarters of the OHE in the W. M. Garland building.

The division of compliance, headed by District Manager John G. Handy, has offices at 1206 Santee street.

Area Rent Director Ben C. Keepke heads the division of rent control at 1210 Santee street, Los Angeles.

SUPERVISORS MEETING

Second Justice Court To Be Located At County House In San Bernardino

Relief for the over-taxed justice court in San Bernardino township was seen today with the establishment of a second department in the class A justice court by the board of supervisors.

According to a proposal by John P. Knauf, chairman for the San Bernardino County Bar Association's inferior court committee, the location of the new court in the county courthouse would prove convenient for sheriff's deputies, enabling them to keep prisoners in the same building.

The creation of the court received the backing of the County Bar association, who said they would be willing to make recommendations for the justice of peace to preside in the new department.

At the same time they established the new court, the supervisors passed an amendment providing for a yearly salary of $5,400 for the justice of the peace.

Figures presented by Mr. Knauf revealed that the justice court was a year behind in civil actions and had filled the calendar until June 1948.

Revision Of Gila Boundaries Passes

AP Special Washington Service

WASHINGTON, July 14 (AP)—A bill to revise the boundaries of the Gila reclamation project in Arizona was approved unanimously today by the House Public Lands committee. The bill adds an area in the Welton-Mohawk division and withdraws certain lands of the Yuma-Mesa division.

FBI Agents To Get Annuities

WASHINGTON, AP— President Truman signed legislation to provide annuities for FBI agents with at least 20 years of service, and who are 50 or older. Pensions would amount to 2 per cent of the average base salary for the five years preceding retirement, multiplied by the number of years of service, not exceeding 30 years.

Ontario System Included In Tour Of Western Schools

The Ontario elementary school system, chosen by 35 women at one stop in their tour of western schools, was inspected by the group Monday.

The 35 women, students from the Oneonta State Teachers college, New York, are being accompanied on the tour by Dr. R. A. Johnson, member of the school's faculty. Upon their arrival in Ontario, they were greeted by Homer Briggs, assistant superintendent, and under his guidance visited the Ontario schools.

Supt. Bruce Miller, Mr. Briggs, and Mrs. Sally Ryrie, Edison school principal, were hosts to luncheon for the group at noon.

Commission Issues Operational Report

A report covering the first two months of operation of the county civil service commission has been issued by Sam R. Wayland, secretary.

The commission, created by the board of supervisors, began operating April 29 of this year. Rules and regulations under which the commission is to be operated have been completed in tentative draft. A public hearing on the proposed regulations is to be held in August, Mr. Wayland announces.

MAGNETIC EYE SEES IRON ORE FROM THE SKY

AP Newsfeatures

NEW YORK—A flying magnetic eye used in exploring for oil and iron proved itself at Little America as a tool for peering through the thick Antarctic icecap to the earth beneath.

One of its findings, said James R. Balsley, geophysicist of the U. S. Geological Survey, was a buried land area 110 miles southwest of Little America which might be an extinct volcano or possibly an iron deposit.

This eye is the magnetic airborne detector—nicknamed MAD—adapted for geologic work from the wartime instrument for spotting submarines under water. Radar was confined to the surface, but the MAD could snoop beneath the waves.

SPEEDS UP SURVEYS

The MAD permits a quick, relatively inexpensive scouting for areas likely to contain oil, iron, or other minerals. Various rock formations and ore-bearing rock have different magnetic properties. MAD can detect even small changes in these properties, and it automatically records the magnetic "signatures" of the terrain flown over. The MAD is towed behind an airplane in a casing shaped like a 500-pound bomb.

At Little America Balsley made four flights with the MAD. After analyzing results, he found that the strongest magnetic kick was obtained at a point 110 miles southwest of the camp. This, he said, suggests that an extinct volcano or highly magnetic ore deposit lies buried there under the Ross Sea iceshelf.

MAD also indicated that part of the ice-buried eastern shore of the Ross Sea lies 30 miles farther east than as appears on maps. It indicated also, Balsley said, that Roosevelt Island is composed of granitic rock, one type of ore-bearing formation.

Getting His Number

What you're looking at is not a horse laugh. It's the latest lip tattoo method employed by the Thoroughbred Racing Protective Bureau. The tattoo method is being used to eliminate "ringers" in racing. The matter of equine identity can be settled at a glance, as all numbers are registered with the jockey club.

NO COPPING APPLIES ANYMORE

YONKERS, N. Y., AP—In a new edict handed down by deputy public safety commissioner William J. Come, this city's policemen are ordered to pay for all merchandise and drinks—including apples from fruit stands.

BOSTONIANS GIVE POLAND A HOSPITAL

BYTOM, Poland, AP—The Unitarian Service Committee, of Boston, Mass., is planning to open a 350-bed hospital for needy Poles at Piekary-Slaskie near this southern Polish city.

Miss Dorothea B. Jones, of 42 Mt. Vernon St., Boston, director for Poland, said that American doctors will form key personnel for the institution but most of the staff will be Polish. Noel H. Field, of Geneva, Switzerland, European director for the committee, is to attend the dedication ceremonies.

Miss Jones said the new, modern hospital would particularly benefit coal miners in the Bytom region, whose primary need is for traumatic surgery.
